Blender Flow-Out™ Product Improvement

M103-0176 Blender Flow-Out™, Flat <20 Sheen

M103-0419 Blender Flow-Out™, Gloss 70 Sheen

M103-0440 Blender Flow-Out™, Satin 30-40 Sheen

The new formula Blender Flow-Out™ aerosol features a balanced blend of solvents specifically designed for the re-flowing of conventional lacquer films. The improved formula is lower in solids which aids in blending over a wider range of sheens. The Blender Flow-Out™ has a new spray head offering better atomization.

- ✓ *Improved blend of solvents*
- ✓ *Lower solids*
- ✓ *New spray head*
- ✓ *For removal and re-flowing of light scratches*
- ✓ *Aids in the blending of other clear aerosols*
- ✓ *Helps in the blending of orange peel*
- ✓ *Great for top repair touch-up*

Superior to competitive flow-out products. Looks cleaner and clearer with a better feel!
