Quick Fill™ Burn-In Stick

Quick Fill is an innovative Burn-In Stick that makes filling defects quick and easy. It's designed to fill nicks, dents, and scratches. It's the perfect filler for cabinetry, vinyl wrapped products and photo processed laminates. Quick Fill can be applied using a simple heat source and leveled without the use of burn-in knives or sandpaper. (This means you won't burn or sand through the existing finish).

- Low Sheen
- Quick and simple application
- Simple to learn and master
- Perfect for production workers, field service techs and cabinet installers
- 36 Stock colors
- 4 Assortments
- Custom colors available
- Simple is best!
